U. S. OUTWITTED IN W. U. CABLE CONTROVERSY

Line to Be Landed at
Cuba, Not Miami.

BY ARTHUR SEARS HENNING.

Washington, D. C., Dec. 15.—[Special.]—Plans of the Western Union to outwit the state department in connection with the British cable to Brazil and the efforts of France to deprive the United States of any share in the former German cables were revealed today.

President Carlton of the Western Union told the senate interstate commerce committee that the company's Barbados cable, which the government prevented being landed at Miami, Fla., would be landed instead in Cuba and connected at Havana with Western Union cables running from Miami. This will establish connection between the United States and Barbados, where the new cable is joined with the line of the British Western American leading to Brazil and other South American points.

"The state department can tear up the cables between Havana and Miami if it wants to," said Mr. Carlton, "but we propose to go ahead and will be ready to send messages within a short time."

Would Hurt U. S. Business.

He added that the three cables now being operated between Miami and Havana are the chief means of communication between the United States and Cuba and that the results would be seen if the state department should tear up the lines. Two of these cables were landed under permission granted by special act of congress, so that the state department's only means of interfering communication would be the use of force, he said.

Elfin Root Jr., counsel for All American Cables, Inc., which owns cables to the west coast of South America, charged that the landing of the Brazilian-Barbados-Miami cable "is a step in a plan to preserve for Great Britain a monopoly of cable communication on the vast and wealthy eastern coast of South America."

British Enjoy Monopoly.

He said the British Western company now enjoys a monopoly in Brazil.

"If the British company is given access to the United States without surrendering its monopoly, our only means of compelling a surrender of that monopoly will be gone," said Mr. Root. "Its continuance will be an injury to the diplomacy and commerce of the United States. It is a matter of common knowledge that the highly efficient cable system of Great Britain is so closely coordinated with the diplomatic and commercial interests of that country that no message which might be of value either to the British foreign office or to the British board of trade is assured of secrecy if at any point in its journey it passes over a British link."

U. S. Unfairly Treated.

"American business men cannot compete on fair terms in Brazil if the prices which they quote and the offers they make are taken from the wires, untransmitted to Great Britain, and 'capped' by their British competitors. As to diplomatic messages, the importance of secrecy is so obvious as to require no argument. We should also consider the possible strategic advantage, in case of war, of having our direct connection with Brazil American rather than British."

The testimony of Mr. Carlton, Norman Davis, undersecretary of state, and Walter S. Rogers, American delegate to the cable communications conference, all showed that the United States was almost entirely dependent upon British, French, and Japanese companies for its cable communication with other countries.

Plans Many New Cables.

To remove this disadvantage the Western Union, according to Mr. Carlton, has plans to lay new cables to Germany, Holland, Scandinavia, Italy, Japan, and China.

France, it transpired, refused to sign the German cable modus vivendi yesterday until there had been deleted a clause stating that the present control of these cables by England, France, and Japan is prejudicial to American interests. France maintains that as the United States did not enter the war till 1917 it is not entitled to a share of the cables, while France, having made the greatest sacrifices, should have the lion's share.

SENATORS ASK PASSPORTS FOR IRISH MISSION

Protest Refusal of
Vises by Britain.

(By a Staff Correspondent.)

Washington, D. C., Dec. 15.—[Special.]—Ten United States senators have joined in a protest against the refusal of the British embassy to issue the passports of four members of the unofficial American commission of inquiry who desired to visit Ireland.

The protest is addressed to Secretary of State Coby and urges him to request an explanation from the British government of its reasons for refusing "the right of travel in the British isles to representative American citizens seeking to ascertain the truth as to a situation which, if permitted to continue, may seriously affect the friendly relations of the American and the English peoples."

The letter is signed by Senators Norris of Nebraska, Thomas of Montana, David of Massachusetts, Francis of Maryland, La Follette of Wisconsin, Randall of Louisiana, Gronna of North Dakota, Chamberlain of Oregon, Fletcher of Florida, and Shields of Tennessee.

Ginnell a "Hearing" Witness.

Laurence Ginnell, formerly a member of the British parliament from County Westmeath, Ireland, and now living in Chicago, was the principal witness today before the American commission of inquiry. With shaking hands he testified that he had been an agitation he had been an agitation by demanding an assurance that nothing he might say should be used by the commission against the independence of Ireland.

"I will not say one word," he exclaimed, "if I am not first assured my evidence will not be used against the Irish republic."

Visibly disconcerted, Dr. F. C. Howe, who presided, assured the witness that the purpose of the commission was to ascertain if possible the facts in regard to present conditions in Ireland and not to recommend any definite adjustment with England.

Five Times Imprisoned.

Sixty-six years old, Mr. Ginnell testified he had represented County Westmeath in parliament for eleven years. For two years, he said, his "principal occupation was getting arrested." From Christmas, 1917, up to four months ago when he came to America, he was arrested and imprisoned five times, once on suspicion of complicity in the "German plot" the British authorities believed they had discovered in May, 1918, and four times charged with unlawful assembly.

He described with much feeling the hardships in Reading jail in the winter of 1918, being so cold that his fingers turned black and the skin peeled off.

He had always regarded the presence of Irish men at Westminster as futile, Mr. Ginnell explained, and had only awaited a suitable occasion to withdraw. There had been 101 Irish members, but in 1918, when he was elected while in jail, seventy-three of the ninety-one constituents refused to take their seats in London and formed instead the first Irish parliament at Dublin, the Dail Eireann.

All British political parties were equally to be distrusted in matters pertaining to Ireland, he said.

Cried "Huns" to Commons.

He told of the scene in the house of commons when announcement was made of the execution of the leaders of the Easter rebellion in 1916, "all of them idealists and my dearest friends, and the members, regardless of party, rose and cheered—the witness stood up and waved the papers in his hand"—like that," he said, "waving their handkerchiefs and papers on their desks. It reminded me of Dante's description of the demons in hell, and I cried out at them, 'Huns, Huns, Huns.'"

Chicago Woman on Stand.

Miss Ruth Russell of Chicago described the Sinn Fein leaders as "the most brilliant group of men" she had ever met. Many of them, including George Russell (A. E.) and Arthur Griffith, were Protestants, she said. During her three months in Ireland in 1919 she found no religious issue anywhere except in Ulster. "There is more religious intolerance in the southern part of my own state than in Ireland," she said.

Mrs. MacSwiney to Visit Chicago.

Mrs. Terence MacSwiney left today for New York, where she will be followed tomorrow by Miss MacSwiney. They will go from New York to Boston and then make a transatlantic speaking tour visiting Chicago and other large cities.

LADY GEDDES IS NOT AT OPERA AS IRISH "PROTEST"

Washington, D. C., Dec. 15.—[Special.]—Lady Geddes, wife of the British ambassador, is not at the Washington Opera company last evening and the British flag was not in the decorations in the national emblem in the decorations.

This was all a development of controversies over Ireland's fight for nationality.

Lady Geddes, originally a consented to permit her name to be used as a patroness of the opera company's revival. Then her ladyship discovered that Mrs. Terence Drury, who is Washington hostess of Mrs. Muriel MacSwiney, was a sister hostess. Lady Geddes withdrew her name.

The consensus of conjecture was that the wife of the British ambassador decided she could not patronize it one and the same time a performance patronized by one who would entertain at her home the widow of an Irish separatist.

CROWE FIGHTS FOR RIGHEIMER

Attacks Olson Plea for County Judgeship.

State's Attorney Robert E. Crowe hurried to Springfield last night in an effort to prevent the control of the election machinery of Chicago from passing out of the hands of the followers of Mayor Thompson into those of the adherents of Attorney General Edward J. Brundage.

He will appear today before the supreme court of the state to present a petition asking for his appointment as a special attorney general in the election contest case brought by Edwin A. Olson against the late County Judge Thomas F. Scully. This case is before the supreme court on an appeal from Judge Charles M. Foell of the Superior court of Cook county and is set for hearing tomorrow.

A decision of the supreme court in favor of Olson would seat him as county judge of Cook county and unseat Frank S. Righeimer, who was elected to that office in November on the assumption that the death of Judge Scully had created a vacancy. Olson is a Brundage man. Righeimer is a Thompson follower. The county judge presides the election commissioners, who in turn name judges and clerks of election and are in absolute control of the election machinery.

Says Brundage Conspires.

In the petition which he will file today in the supreme court, printed copies of which were given out by him last night, the state's attorney, a Thompson man, makes the direct charge that Attorney General Brundage is conspiring to have Olson win his contest and be seated as county judge. The state's attorney points out in his brief that as a result the attorney general has done nothing to defeat the Olson appeal and that, as Judge Scully is dead and no one is interested in defending the case in his behalf, there is a danger that Olson may win by default.

The charge against the attorney general is set forth in the third paragraph of the petition as follows:

"That at the time of the election which is contested in the above entitled cause the appellant, Edwin A. Olson, belonged to and was a member of the machinery of the vacancy."

The charge followed the leadership of the said Edward J. Brundage, attorney general.

The said Edward J. Brundage has a deep personal interest in having said Olson succeed in said cause to the end that the election machinery of Cook county may be placed under said Olson and thereby be controlled by the said Brundage in future elections."

Brundage Will Fight.

After Judge Scully's death Gov. Lowden called a special primary and election of the vacancy.

Attorney General Brundage, talking to THE TRIBUNE over the long distance telephone from Springfield last night, branded the action of the state's attorney as "unfair" and "partisan." He indicated he would oppose the state's attorney's petition.

DE VALERA ON WAY TO BRITAIN, RUMOR IN LONDON

LONDON, Dec. 15.—A writer in the Evening Standard today says he learned from an authoritative source that Eamon de Valera, "president of the Irish republic," is expected to land in England in a few days.

GIVES UP HIS ROOM.

New York, Dec. 15.—Eamon de Valera gave up his room here in the Waldorf-Astoria hotel two or three days ago, hotel officials said, but they could give no information as to his present whereabouts.

When he left with his secretary, Harry Boland, De Valera gave instructions that all mail and telegrams should be sent to the Irish-American club at 411 Fifth avenue. There was no one at that address tonight.</

LEAGUE ADMITS FIRST FORMER ENEMY STATE

Austria In, China Gets Seat on Council.

GENEVA, Dec. 15.—[By the Associated Press.]—The assembly of the league of nations elected today the first former enemy state member of the league without opposition. The vote on the admission of Austria came after an unexpected passage at arms by Giuseppe Motta, Switzerland, and M. Viviani, representing France.

M. Motta, speaking on the report of the committee, recalled the rejection of Austria's application for admission to the league which he regretted it and that there were now three places vacant in the league which ought to be filled by the United States, Russia, and Germany.

France Objects.

At the mention of Germany M. Viviani sprang up and asked for the floor, all upon the conclusion of M. Motta's speech, in which the Swiss delegate appealed to the assembly for justice.

M. Viviani mounted the tribune and launched into a fervid defense of the French viewpoint. It was soon apparent that the assembly was with him and his remarks were greeted with frequent applause. When he descended from the tribune he received the greatest ovation of the assembly.

The voting for the admission of Austria, which immediately followed, was by a nominal roll call, the delegates being asked whether they were in favor of or against admission, some answering in French and others in English.

China on Council.

Thirty-five votes were cast in favor of Austria's admission, two members were absent, and four abstained from voting.

The four elective members of the league council chosen by the assembly were Spain, Brazil, Belgium, and China, the final success of China coming after several ballots, being greeted with enthusiastic applause.

It was doubtful up to the last moment with regard to China, whether the members who for the last few days had been advocating Slav or Rumanian representation would not acquiesce in the argument that the Asiatic races could not expect two places on the council while two important European countries were not represented at all.

Dr. Koo Triumphs.

The majority of the delegates, however, held to their implied promise, but the success of China was due largely to the personal strength of Dr. Wellington Koo of the Chinese delegation has secured in the assembly.

Woman Wins Point.

When the "white slave" resolution came to a vote they were unanimously adopted by the assembly.

The propositions regarding this traffic are that the countries which adhered to the international convention of 1904 be invited to send delegates to another international conference to be held before the next assembly; also that the council appoint a committee to investigate the deportation of women and children in Asia Minor.

AUSTRALIA'S WORK

[Chicago Tribune Foreign News Service.]

SYDNEY, Dec. 15.—[By The Chicago Tribune.]—Messages from Geneva recording the results obtained by the Australian delegation state that without foregoing their claims for racial equality, the Japanese delegates have withdrawn their opposition to the mandates issue.

It is believed here that the dominating factors in this withdrawal of Japanese obstruction is Tokyo's desire to secure renewal of the Anglo-Japanese alliance with its most favorable terms left in, coupled with Chinese sentiment in Shanghai, which the Japanese do not desire discussed by the assembly, thereby attracting attention to the Japanese attitude regarding China.

CONSTANTINE SAILS FOR GREECE

VENICE, Dec. 15.—[By the Associated Press.]—Late tonight former King Constantine of Greece, Queen Sophie, and the royal princess and prince, boarded the steamship Yperokli, on which they will sail for Greece. The steamer will be escorted by the cruiser Averoff and the torpedo boat destroyer Klaspakon.

The Greek contingent tonight was jubilant over the action of Rear Admiral Philip Andrews, commander of the American warships in the Adriatic in ordering the dressing of the destroyer Southard and the flying of the Greek flag.

SETTLING THAT LITTLE BILL OF UNCLE SAM'S

(TRIBUNE Photo.)

CITY \$10,000,000 SHORT IN PAYING UP INCOME TAX

Delinquents Will Be Penalized.

Harry W. Mager, collector of internal revenue, announced last night that more than \$10,000,000 of the \$70,000,000 due as the fourth installment of the federal income and corporations taxes had not been paid last night. Exact figures will not be available until today, and it was impossible yet to determine, he said, how much of this represented delinquencies and what amount was covered by abatement claims filed in the last few days.

Figures so far compiled show that only \$350,000,000 has been collected from this district this year in comparison with a total of \$423,000,000 for 1919. More returns were filed this year, however, Mr. Mager said. The decrease he said was due to the lowering of the income tax rates.

One \$3,000,000 Payment.

One of the tax payments received yesterday amounted to \$3,000,000. As this was the fourth payment, it indicated that the corporation's federal taxes for 1919 had amounted to at least \$12,000,000.

Mr. Mager said last night that hundreds of requests for more time in which to make payments had been refused.

"This law is mandatory," he said. "Tight money has made it hard for taxpayers to pay their obligations, but there is no remedy outside of congress."

To Impose Penalties.

Announcement was made that delinquency notices would be mailed immediately to all who have not made payment or filed abatement claims. This automatically adds a 6 per cent penalty. Ten days after the notices are mailed warrants of distraint are issued against all remaining delinquents. If these are not paid within a time set by the collector the property is levied on to pay the tax.

RELIEF BILL IN HOUSE.

Washington, D. C., Dec. 15.—[Special.]—With a view of permitting large taxpayers who have vainly sought an extension of time for the payment of the final installment of income and excess profits taxes on 1919 income, due today, to escape penalties, Representative Edmonds of Pennsylvania introduced a resolution in the house giving sixty days' grace.

Action of this nature is considered doubtful, although the "net loss" provision which was operative up to the end of 1919 may be made permanent for future years.

New York Lacks \$3 Per Cent.

New York, Dec. 15.—[Special.]—Payments of the fourth installment of income and excess profit taxes reached a total between \$60,000,000 and \$70,000,000 instead of the expected \$100,000,000, it was estimated at midnight at the office of William H. Edwards, collector. The deficit was blamed partly on the claim of the debtors that they

had "gone broke" since making the fourth payment, partly to reductions in the tentative schedule originally filed, and partly to lessening income and profits of corporations which filed their estimates in advance of the date of closing their fiscal years.

The largest single payment today was one of \$3,120,000.

Wisconsin \$7,000,000 Short.

Milwaukee, Wis., Dec. 15.—[Special.]—Approximately \$8,000,000 of the \$15,000,000 due the government as final installment of 1919 Wisconsin income tax payments were collected by the internal revenue department up to noon today.

FILIPINOS FEEL THEY ARE NEAR TO INDEPENDENCE

[Chicago Tribune Foreign News Service.]

MANILA, Dec. 15.—The Filipinos are elated by the proposed exemption of the Philippine islands in the treaty of the Philippines bill and by Congressman Mann's statement that they might soon be independent.

The territorial legislature has sent a joint resolution, thanking President Wilson for his recommendation that the islands be given their independence.

The house has passed an appropriation to defray the expenses of a world peace congress, which likely will be invited to Manila, instead of Sydney, next April.

CZECHO-SLOVAK DICTATORSHIPS START BATTLES

LONDON, Dec. 15.—A military dictatorship has been imposed in some of the industrial districts of Czechoslovakia, but a "proletariat dictatorship" has been established in several others, according to a Central News dispatch from Vienna today.

Many casualties have occurred in conflicts at some points, it is declared.

At Bruck, adds the message, five strikers were killed and fifteen injured in a conflict with the military.

At Goeding, Moravia, the workers seized the postoffice and railway station and proclaimed a general strike. They disarmed many soldiers, but fresh troops arrived and fired on the rioters, killing several of them.

Roumania and Russia Quarrel.

VIENNA, Dec. 14.—Trouble between Roumania and Soviet Russia is forecast in reports from Ukraine received here. These advices declare that Roumania is adopting measures "indicative of imminence of war" with Russia over Bessarabia.

Serbia's Cabinet Resigns.

BELGRADE, Serbia, Dec. 15.—The cabinet, headed by Dr. Milenko R. Vesitchik, has resigned.

MARTENS, ENVOY OF SOVIETS, WILL BE SENT HOME

Washington, D. C., Dec. 15.—[By the Associated Press.]—Deportation of Ludwig C. A. K. Martens, self-styled Russian soviet ambassador to the United States, is understood to have been virtually decided upon by Secretary of Labor Wilson, who has had the case under advisement since the conclusion a week ago of the hearings in the deportation proceedings.

The justification for the deportation is understood to have been found in conditions of immigration and department of justice authorities that Martens is an alien belonging to an organization whose purpose is the violent overthrow of the government of the United States.

The question of Martens' deportation is said to have been brought up at yesterday's cabinet meeting.

HIS ARREST NIPS REVIVAL.

"I don't know what I'll do. I planned to have a revival tonight," said the Rev. Charles Fisher, colored, 105 West Eighteenth street, last night in a cell at the South Clark street station. He was arrested on a warrant taken out by his wife, Esther Ross Fisher, 1636 Federal street, who charged he beat her. He denied this and said there had merely been an argument about mending a pair of his trousers.

10,000 BELGIANS TURN THEIR EYES TOWARD AMERICA

[Chicago Tribune Foreign News Service.]

BRUSSELS, Dec. 15.—Emigration to America from Belgium will show about 40 per cent increase in 1921, according to estimates made today by the American consul general at Brussels. During the present year, 7,000 Belgians have been granted visas for the United States. Next year about 10,000 will go. There has been a big increase in applications since the proposal for a year's ban on immigration.

Seventy per cent of the emigrants are agricultural laborers from Flanders. Twenty per cent are coal miners and the other ten are industrial workers of various classes.

Antwerp, the port from which most of the emigrants are sailing, is crowded with emigrants of other nationalities. Steamship companies could book double the number of passengers for their ships if they had sufficient space.

BERLIN HUNGER STRIKE HAS ROSE ABOVE ITS THORN

[Chicago Tribune Foreign News Service.]

BERLIN, Dec. 15.—Thousands of American visitors in Berlin today are experiencing German war time food restrictions. White bread, butter, milk, and sugar are denied them even in hotels which have not joined the great "hunger strike."

The hotel owners today announced that the saloons would continue to remain open, making possible liquid meals.

The hotel owners have called upon their colleagues throughout Germany to join the strike against government food regulations and raids. If successful it will mean that business men and tourists will avoid the smaller cities, fearing that it will be impossible to get food. The owners also have refused to furnish knives, forks, and spoons or plates when guests bring their own food into the dining rooms or cafes.

Hotel Adlon, which is the American center, today is the only first class hotel serving food in its restaurant. The Hotel and Cafe Owners' association is trying to cause the owner to join the strike, but the chief, who is a left wing Socialist, wrote a letter to the press declaring that his kitchen had always operated within the law and would continue to do so.

HOUSE BILL SETS INAUGURATION IN EARLY DECEMBER

Abolishes Short Session of Congress.

[BY A STAFF CORRESPONDENT.]

Washington, D. C., Dec. 15.—[Special.]—Earlier assumption of their duties and offices by presidents and congresses following elections is proposed in amendments to the constitution presented in the house today by Representative McArthur, Oregon.

The proposed plan sets ahead inauguration day for presidents from March 4 to the second Monday in December, or about five weeks after the election and one week after the proposed meeting time of the new congress.

"Lame Ducks" Retired.

One amendment provides that the terms of service of senators and representatives shall begin on the first Monday in December in the year of their election instead of on March 4 of the following year.

This amendment abolishes automatically the so-called short session of congress, and of legislation by "lame ducks" or political parties repudiated at the polls.

Congress is allowed one week before the inauguration of the new president to canvass the vote for president and vice president, and to elect a president and vice president in the event there is no majority in the electoral college.

House to Canvass Electoral Vote.

The amendment provides that the electoral vote shall be canvassed by the speaker of the house instead of by the president of the senate, as at present, and in case of no majority in the electoral college that the house shall elect by individual membership vote and not by states, as now provided in the constitution.

"Billposters' Trust" Sued by Cusack for \$500,000

The alleged "bill posters' trust," named specifically as the Foster Advertising association and the Post Advertising company, successors to the Associated Bill Posters of the United States and Canada, was hit yesterday in a suit filed in the federal district court asking damages of \$500,000. The action was started by the Thomas Cusack company, which says these concerns are operating again as a monopoly. Twenty defendants are named.

ALL STATES ASK FEDERAL CASH TO BUILD ROADS

Fear Losses if Denied \$100,000,000.

[BY A STAFF CORRESPONDENT.]

Washington, D. C., Dec. 15.—The American Association of State Highway Officials stated today before the house roads committee that unless assured of the annual \$100,000,000 federal appropriation for highways, the good roads construction throughout the country would be disorganized and 100,000 men thrown out of work.

They asked the committee to act favorably and immediately on a bill introduced by Representative McArthur of Oregon for the federal appropriation which was authorized many years ago.

The association was represented at the meeting by a roads official from each of the forty-eight states. Illinois was represented by Roads Engineer Brodt. The spokesman for the delegation was George P. Coleman of Virginia, chairman of the executive committee of the association.

Mr. Coleman explained that forty-three states would have sessions of their legislatures in January next. As state appropriations for highways are based on the amount of federal aid each state is to receive, he said, it would be impossible for the states to make their appropriations without knowledge of the amount the federal treasury would contribute.

FRIENDS FETE WAR OBJECTORS AS BRAVEST MEN

New York, Dec. 15.—Twenty-five conscientious objectors, several of whom served prison terms because of their refusal to bear arms during the war, were "guests of honor" tonight at a dinner given by the American Civil Liberties bureau.

Speakers, who included Scott Nearing, former professor at the University of Pennsylvania, and the Rev. John Haynes Holmes, pastor of the Community church, lauded the objectors as the "harvest of the brave."

Announcement was made at the dinner that an appeal, to be signed by the guests, would be sent to President Wilson pleading for the release by Christmas of all prisoners convicted of violating the espionage or draft acts and of all members of the Industrial Workers of the World now in prison.

WILLIAM COLLIER JOINS THE RANKS OF GOOD FELLOWS

Invites 100 Wounded Men to Play on Christmas.

BY THE REV. G. M'WHORTER.

Good Fellows, meet William Collier.

Yesterday Mr. Collier asked the

tribune to arrange a Christmas

matinee party for 100 wounded

service men at his play, "The

Hottentot," at the Grand

Opera house.

Inviting wounded

service men to his play is a

favorite habit of Mr. Collier's. He

has recently entertained many

such parties in Boston, Philadelphia,

and New York. Arrangements

are being made to take the

wounded men for a good time at the

theater, following their Christmas dinner

at the hospital.

Here are some of the many groups

that have volunteered to play Good

Fellow to a number of families:

Kenilworth Union church Sunday

school, thirteen families on north

side; St. Mark's Reformed Episcopal

church, ten families on west side; girls

from "The Electric Shop," 72 West

Adams street, five families; girls from

the American Telephone and Telegraph

company's "long lines" office, ten

families; ballet girls in the Pavlov-

Okunsky troupe, \$25 cash toward

Good Fellow fund.

Pupils in Bernard Moss school have

asked for several families through

their teachers; pupils in room 301,

Parker Junior high school, will play

Santa to a family of six, preferably a

family living near the school.

A Princess of Good Fellows.

Here is a letter:

"Dear Good Fellows—I am in-

terested in your plan to have

the wounded men play Good Fellow

Some Pretty Good Fellows

The Misses Julia Daly, Violet Matthis, Johanna Koch, Helen Peterson, and Elsie Foss.

When the Good Fellow story in the Tribune was shown to some members of the Girls' club of Morris & Co., yesterday they called a meeting of the club, at which it was decided to have every member be a Good Fellow to a "buddy" in one of the hospitals on

Christmas day. They are now trimming up a tree which they will take along to help spread good cheer to the convalescent and wounded boys. The girls are employed in the general offices of Morris & Co. at the yards.

ing a form which I have filled out, offering to be Santa Claus to one child this Christmas. You will think me ungenerous, perhaps, because I say only one, but really I am not. I am a working girl, all alone, and my room rent, board, clothes, car fare, church money, doctor bills—everything I have—comes out of my little \$17 per week. Do you wonder I cannot promise Christmas for a large family, much as I would like to do it?

"I have asked that the child be in Hyde Park. I work downtown from 8:30 a. m. to 6 p. m., six days a week.

so I have little time or strength left for Christmas. Hence I want a child near the Cottage Grove avenue or Lake Park car line, and not too far north or south, else I will not have time to go. I am near Fifty-fifth street.

Wants to Do Her Bit.

"Now, I do want to do my bit, so I hope you can tell me of one kiddie near enough that I can reach—don't care whether it is black, white, yellow, boy or girl, just so it needs Santa Claus. Sincerely, Lucy."

Come on, Good Fellows! Let's get together after Lucy's fine example.

STEEL ONLY TO "OPEN SHOPS" IS BETHLEHEM RULE

Official Tells of Fight on Unions.

New York, Dec. 15.—The Bethlehem Steel corporation will refuse to sell fabricated steel to builders and contractors in the New York and Philadelphia districts to be erected on a union closed shop basis.

This policy was disclosed by Eugene G. Grace, president of the corporation, who testified today before the joint legislative committee investigating the alleged "building trust," replying to charges that his corporation was sponsoring the open shop movement by withholding steel from builders employing union men.

Thinks It Proper.

"I think it is a proper thing to protect the open shop principle," declared Mr. Grace, who explained that his stand would not be changed, even if building operations in New York were to be suspended because steel could not be obtained by union erectors.

Whether the corporation will extend

The witness said, depends "entirely on what effect it would have on our general labor situation."

The steel magnate, who was on the witness stand nearly an hour, was subjected to a severe grilling by Samuel Untermyer, the committee's counsel, who has stated that he, Untermyer, is the largest stockholder in the Bethlehem corporation.

Forced to Answer.

Charging Mr. Grace with "fencing" and avoiding his questions, Mr. Untermyer several times during the exam-

ination appealed to Senator Carson, acting chairman of the committee, to order the witness to answer his questions.

Mr. Grace asserted the policy to sponsor the open shop was adopted "around September, 1919, when the American Federation of Labor attempted to organize our plant."

Mr. Untermyer said that if Charles M. Schwab, chairman of the directors of the Bethlehem corporation, desired to appear before the committee to make a statement it would be "glad to hear him."

FALL SEES NEW TREATY WRITTEN IN WASHINGTON

Predicts World Parley After Harding Talk.

BY PHILIP KINSLEY.

Marion, O., Dec. 15.—[Special.]—Reaction of the entire peace treaty and the league of nations covenant was urged upon President-elect Harding today by Senator Albert B. Fall of New Mexico, one of the first of the irreconcilables to be called into the Paris conference.

"What Europe needs and will be willing to negotiate is a new peace treaty, eliminating the league," said Senator Fall. "I think there will be a new peace conference called, possibly in Washington, this winter. Things are working toward a new deal all around."

Senator Fall said he thought the mind of Mr. Harding was swinging in this direction. A new association of nations along the lines of the Harding plan Senator Fall said he favored. He had not heard any objection to The Hague tribunal. "The Harding conference are working toward the point where we can resume world leadership," he said.

Friendly to Disarmament Plan.
"It looks as if we could all get together, irreconcilables like myself, included. I think we are all in favor of some association of nations in which we should do our part in world conferences."

He said he would favor a war referendum, would also favor the Borah suggestion to take the lead in disarmament.

"We should have a representative ahead now for that," he said. "There should be an association to talk matters over and a world court. Beyond this I would not go. I would not vote for the peace treaty even if the covenant was eliminated. The treaty is not workable. It has a war in every one of its boundary provisions. It is wrong in its reparations clauses—in Banting, in its plebiscites and in many other ways. We are not interested in it in any way and should not accept it. This does not mean a separate peace necessarily, for I think all Europe is ready to negotiate a new treaty."

Sees Robins and Pearis.

Mexico was not discussed, the senator said, but Mr. Harding talked over the Mexican situation with William A. Pearis of Des Moines, member of the American Chamber of Commerce of Mexico, author of the plan for an interchange of college scholarships between the United States and Mexico. Mr. Pearis said that Senator Harding favored this plan.

Raymond Robins of Chicago discussed the European situation with Mr. Harding, who talked also with George Fred Williams of Massachusetts, formerly an active Democrat, and minister to Greece in 1912. The latter submitted a plan for an association of nations based on the establishment of the freedom of the seas.

Addresses Mothers.

In his address here tonight to a delegation of "American mothers," Senator Harding took up his promise made to women voters last October of the creation of a department of public welfare.

"It is with some satisfaction," said Mr. Harding, "that I am now able to say to you that since the election I have had opportunity to discuss that proposal with a number of leaders of liberal public thought in and out of Congress, and have found them eager to help in the constructive task."

"Its accomplishment will tardily place our government on something like an equal footing with governments which have long maintained ministries of education represented in their cabinets."

"Whether we may esteem it wise or unwise, the modern mother must realize that society disposes more and more to take from her control the intellectual guidance of her children. We may well plead with thy mothers to make the most of the lessened opportunity they possess for molding the lives and minds of their children."

"I confess to no great satisfaction in the ideals of those families which, when they become sufficiently well to do, like to take their children away from the public schools and give them the doubtful advantage of exclusive educational processes. I like the democracy of the community school and indeed I would like to see a greater measure of it enforced by the elimination of those evidences of extravagance in dress and social indulgence which make for the development of something like caste within our democracy."

Hawaiian Dances

The first minstrel performance in Christ church parish hall at Woodlawn avenue and Sixty-fifth street last night drew a large crowd and added several hundred dollars to the recreation fund of Woodlawn post of the American Legion.

The program, uniquely arranged by members of the post, assisted by the Women's auxiliary, scored a hit with the crowd. The second act, billed as "The Garden of Happiness," proved especially popular. The act was featured by chorus singing, dances typical of Hawaii and other southern climes, and tableaux brilliant in costuming.

Miss Elizabeth Smith, 5757 Calumet avenue was in charge of the dancing numbers. Miss Rebecca Peck, 6543 Kimbark avenue, directed the songs and specialties.

The show will be given again tonight and tomorrow night.

MORE PRECIOUS THAN RUBIES IS JEWELER'S STOCK

But Dry Agents Nab His Six Cases of Booze.

Otto, son of Hyman Landy, owner of the Maiden Lane Jewelry store at 1448 Milwaukee avenue, radiated the real Christmas spirit as he rushed about his father's store yesterday morning. What mattered if the driving snow pelted the wayfarer in the street? Who cared if it was the day for paying income tax? His father had left him in charge, and the trade was splendid.

He rubbed his hands together briskly while customers picked out their presents. But when the trade slackened he grew restless. Frequently he rushed to the front window.

As the hours passed he gazed often down the avenue. Evidently something was expected, something much desired. Finally at 2 o'clock a delivery truck pulled up at the back door. As he hurried back, four well built strangers entered the store.

They Volunteer to Help.
"Excuse me," Otto said, "I must take care of the express packages, Christmas trade."

"O that's all right," said one of the customers, "we'll help you."

Otto demurred. The customer persisted. A moment later six fine wooden boxes carefully wrapped and well built, were on the back platform. At a glance it was evident the contents were priceless. Strong iron straps buckled the boxes together.

Otto paid the bill. He again demurred when the customers offered to open the packages. He was overruled. A quantity of choice hay, quoted on the market at \$12 a ton, came to view.

A stranger thrust in an adventuring hand. It first touched paper. A deeper thrust. A smile appeared on the adventurer's face. He had struck glass. When he withdrew his hand a quart bottle filled to the brim with "Old Taylor" whiskey came with it.

"You're under arrest, son," said the stranger, grinning. "We're from Richardson's office. Dry agents, you know. Guess that's about the nicest thing in glassware you have in the store."

An examination disclosed the labels

FORMER OAK PARK MAN WILL SERVE IN NEW CONGRESS

When congress convenes in March, an Oak Park boy will occupy one of the chairs in the lower house. He is Capt. Samuel S. Arentz, son of Mr. and Mrs. A. C. Arentz, 950 Augusta street, Oak Park, and he made his home in the suburb until he took up ranch life in Simpson, Nev., where he is known as "Sam" and wears overalls most of the time.

Capt. Arentz was a consulting engineer for the bureau of mines during the war. Previous to that time, he was the chief engineer and superintendent of construction of the Salt Lake and Utah railway. He is an authority on mining, irrigation and railroad problems in the west.

On their way back to the prohibition office the quartet stopped at Caruso's restaurant, 606 South Wabash avenue. "Give us four specials," they said.

A moment later Irene Matthews, the waitress, placed a quart bottle of bourbon on the table. She marked eight specials on the order slip. Paul Catalano, the owner, was arrested and several bottles of whiskey were seized.

"This evidence shows," said Judge Landis, picking up a sheet of papers containing the charges against Galligan, "that this man has shamelessly defied the enforcement of the prohibition laws."

"This man was arrested last summer and several truckloads of booze found in his saloon confiscated by the dry agents. A few weeks later other agents entering the saloon again found liquor sales. His name was on the list of 120 restrained from selling his property or selling whiskey. Yet you find that, in spite of warnings issued by this court, he again is caught selling booze."

"The evidence is uncontradictory against him, and I will not stay the sentence or do anything to keep this man from going immediately to jail."

IMMIGRATION OF 1921 TO SMASH RECORD, WARNING

Committee Report Predicts Big Invasion.

BY ARTHUR M. EVANS.

Immigration in 1921 will knock the spots off the old pre-war figures "unless affected by laws of this or other countries," so Anthony Caminetti, commissioner general of immigration, indicates in his annual report, made public last night.

It echoes what officials at Ellis island and other gateways have been saying for months that, unless restricted, the incoming tide of aliens next year will probably run higher than it did in 1920, when 1,285,349 came in. Since September they have been swamping in at the rate of 900,000 a year, while the consulates report that the exodus from Europe to America will be measured only by ship capacity.

One Estimate Is 10,000,000.

One estimate is that fully 10,000,000 are planning to migrate from European lands to the United States as soon as possible—the estimate for Italy alone is 3,000,000—and many steamship lines are building and buying new vessels in expectation of the greatest trans-Atlantic transportation demand in history. The condition led the lower house of congress three days ago to pass the bill to prohibit immigration for fourteen months, and the measure now faces opposition in the senate.

Canada and Mexico were the largest sources of our increase in population through migration in 1920. On the Canadian border 143,843 aliens and returning American citizens were inspected, an increase of about 50 per cent over 1919. The aliens admitted from Canada numbered 90,025, while those returning were 7,668, leaving an excess of 82,357 who came in. In addition 19,326 aliens in Canada were deported, while 5,223 were refused examination because unwilling or unable to meet the head tax.

Admissions from Mexico nearly doubled during 1920. The total was 58,974, of which 52,361 were immigrant and 6,613 nonimmigrant.

Figures for 1920. As to Europe, 246,295 immigrants came in during 1920, while 256,433 went back, making a reduction in population of 10,138.

The movement is shown in the following table:

Immigrant Aliens		
Admitted	Departed	Excess of
Europe.....246,295	256,433	*10,138
Asia.....17,505	9,441	8,064
Canada.....90,025	7,668	82,357
Mexico.....52,361	6,613	45,748
Other.....23,815	8,107	15,708
Total.....430,001	288,262	141,739

*Excess of immigrant aliens.

During 1920 females were 42.4 per cent of the total alien immigration, as compared with 33.5 per cent in 1919-14.

Herbert Strausser, Linabell Freeman, and Mrs. Nancy Strausser.

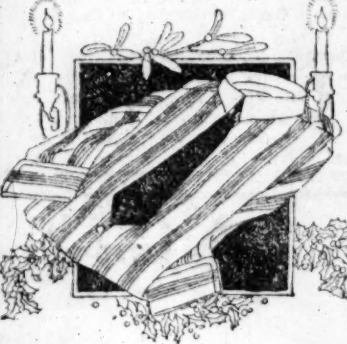

The United States Marine Corps opened its bazaar at the league rooms at 334 South Wabash avenue yesterday with scores of wounded and crippled marines present.

The funds earned by the bazaar will be used to finance various Christmas entertainments planned by the league for the marines, and to help pay the expenses of the organization, which helps marines whenever called upon.

Mrs. Della Olson is in charge, assisted by Mrs. H. L. Adams, who has sent hundreds of Christmas packages to marines stationed in the South Sea Islands.

The bazaar will continue until tonight.

GIANT COULDN'T CARRY PRICE OF SHOES IN HIDES

BY FRANK RIDGWAY.

At the present price of cow hides there isn't a man in Chicago of sufficient strength to carry enough of them across Michigan boulevard to buy him

self a good pair of shoes." C. H. Hyde told members of the farmers' marketing committee of seventeen in their third session at the Congress hotel yesterday.

Mr. Hyde told of an investigation he helped to make in Oklahoma City last week, which, he thought, clearly demonstrated the need of farmers taking more interest in the marketing and distribution of their products.

"I found out," he said, "it would take a heavy team of drafters to haul a big enough wagon load of cow hides over a country road to pay for the set of harness on their backs and another set like it."

The committee will ask government

officials and financial interests to aid in establishing, if possible, emergency machinery for the handling of surplus grain or grain products.

Before adjourning yesterday afternoon the committee appointed several subcommittees and tentative plans for the marketing and stabilizing of grain prices will be worked out and presented at the next meeting, which is to be held Dec. 27.

Save the Children!

ISN'T Christmas a good time—in fact isn't it the right time to save the children—Christian and Jewish—starving in the Near East—in the very land of Abraham, David and Jesus?

What a thought—that the money given to us—changed into food, clothing, shelter, and medical attention—is actually turned by these children into the brilliance of the Star of Bethlehem itself!

Near East Relief

We feed over 500,000 three times a day—mostly women and children. We have this very minute over 500 earnest, self-sacrificing men and women working among them. We operate 228 orphanages caring for over 110,000 children; and 63 hospitals with nearly 7,000 beds. We hold 5,000 girls rescued from harems. We could rescue 100,000 more who want to get out—if you should give us the money to do it.

America, through us, is daily saving thousands of lives. We ask, don't you want a share in this life-saving work? You will help—will you not? The men on our National Committee prove we are worthy. Among them are:

William Howard Taft Elihu Root James L. Barton James Cardinal Gibbons
Charles Evans Hughes Oscar S. Straus Charles W. Eliot Harry Pratt Judson

MAYOR BLASTS COUNCIL PLANS FOR FIFTY WARDS

35 Aldermen Will Serve in 1922-'23.

The city council's attempt to redistrict the city in fifty wards blew up amid general charges among the members of the aldermanic plan committee.

At the close of the council meeting Mayor Thompson announced flatly that he is in favor of submitting a plan to the voters. This plan, according to the city law department, that one alderman will be elected from each of the existing thirty-five wards next spring and that all aldermen will retire at the same time.

Instead of seventy members in the council year of 1922-1923, Mayor Thompson's plan is already ready to be submitted to the voters.

Showing the plan of the nine north side wards endorsed by the mayor's committee, of which Commissioner of Public Works Charles R. Francis is chairman, was made public yesterday.

For nearly a month Ald. James B. Bowler, chairman of the council subcommittee, has been holding up the mayor's plan, for which at one time many signatures were claimed, in an effort to arrive at a compromise with the friends of the mayor.

While doing his best to arrive at a compromise which would permit the new ward law to become effective next spring as the voters directed, the subcommittee was double crossed by the mayor's friends, Ald. Bowler said.

Fears Gerrymanders. Ald. Bowler charged that gerrymanders will be the chief characteristic of the mayor's ward plan. "I am told that the proposed Ninth ward, for instance, is shaped like a bourgeois; that is three miles long

SLICING UP NORTH SIDE

The mayor's plan for redistricting the north side under the fifty ward law.

BOUNDARY lines of the nine north side wards in the fifty ward scheme which Mayor Thompson intends to submit to the voters next Spring have been agreed upon by the committee named by the mayor. Asserting reports to him indicated the map prepared by the aldermen "takes care of the politicians," the mayor named Commissioner of Public Works Charles R. Francis, chairman of a committee to "draw lines which will take care of the people." The mayor's orders were to make the ward lines straight, to permit no gerrymanders, and to see that the makeup of the wards is cosmopolitan, he announced.

"These lines are practically straight and we have attempted to keep down the population of the outlying wards which will grow and to make the wards lying near the loop, which will decrease in population, larger," said Mr. Francis.

Incidentally the mayor's order in favor of "cosmopolitan" wards eliminates politically the Gold Coast, Ravenswood, Edgewater, and Rogers Park districts. They have been the strongholds of opposition to the mayor and his policies.

At present the ward lines recognize these districts as political entities and a line which, roughly speaking, is Orleans street, Racine avenue, and North Clark street divides the highbrow parts of the Twenty-first, Twenty-third, and Twenty-fifth wards from the Twenty-second, Twenty-fourth, and Twenty-sixth wards, which lie along the river.

Under the mayor's plan the north side is cut into nine narrow wards, extending from the lake to the river. Thus the "highbrows" are thrown in with their more numerous neighbors on the west.

The mayor's plan would give him powerful lieutenants in all but one of the nine wards. The mayor's home at 3200 Sheridan road falls in the ward marked "F" Michael J. Faherty and

and five hundred feet wide in the middle," he said. Ald. Lyle charged that "it is being whispered that the mayor wants only thirty-five aldermen in the council so that he can get through certain of his own policies."

MYSTERY VOICE NAMES 'LEADER IN COLOSIMO PLOT'

More melodrama was injected yesterday into the hunt for the slayer of Jim Colosimo. Rocco De Stefano, who was attorney for the murdered restaurateur and underworld leader, received a telephone call in which a "mystery voice" purported to name the man responsible for the killing of Colosimo.

The name given by the "mystery

voice" is not a new one in the investigation, Mr. De Stefano said. The man named has been questioned, but has denied all knowledge of the crime. The telephone connection was suddenly broken when Mr. De Stefano tried to learn the identity of the mysterious speaker. "I am a friend of Jim Colosimo," the voice had said in Italian, "and I will give you the name of the man who caused him to be killed." "Give me your name and go with me to the police," Mr. De Stefano replied. "No, I'd be killed. Get — and you'll be the man who can tell all." The speaker hung up the receiver and Mr. De Stefano went to the office of Chief Fitzmorris.

REYNOLDS QUILTS POST; FREE TO ENTER CABINET

Gives Up Presidency of Big Bank.

George M. Reynolds, president of the Continental and Commercial National Bank, will retire from the presidency of the institution to become chairman of the board of directors—an office created especially for him—it became known yesterday.

The change will become effective in a month, according to present tentative plans. Arthur Reynolds, his brother, will succeed him as president.

FRANK O. LOWDEN, dent. (Photo (C) Mott.) The proposed change relieves Mr. Reynolds from active management of the bank and leaves him free to engage in other work. In this connection the possibility of his becoming secretary of the treasury in the Harding cabinet has been discussed.

Will Accept Portfolio.
Mr. Reynolds' decision to retire from

active management of the bank is regarded as an indication that he will accept the treasury portfolio if it is offered to him. Reports from Washington indicate that President-elect Harding has practically decided to make the offer.

Mr. Reynolds was offered the post by President Taft in 1909, but at that time declined because he wanted to complete his plan for making the Continental and Commercial bank the largest financial institution outside of New York.

Mr. Reynolds began his career as a banker in the Guthrie County National Bank, in Panama, Guthrie county, Iowa, where he was (Photo (C) U. & U.) came to Chicago as cashier of the Continental National Bank and was made president of the Continental and Commercial when the banks which formed that institution were merged.

Arthur Reynolds was born in the same town as his brother, started in the same bank, became president of the Des Moines National bank, and left that position to join his brother in Chicago.

Has Political Effect.

The fact that George M. Reynolds will be at leisure to accept the treasury portfolio, and the rumor that he is Senator Harding's first choice are regarded as stumbling blocks to the ambitions of former Senator Weeks of Massachusetts, who is a member of the brokerage firm of Hornblower & Weeks of Chicago and Boston, and who is frankly seeking the treasury portfolio and to those of Gov. Lowden, who is certain to receive great consideration from Senator Harding. Gov. Lowden

is reported to have listed three jobs in the order of choice—which he would be willing to accept. They are secretary of the treasury, secretary of the interior, and ambassador to Great Britain.

Another cabinet possibility is Will H. Hays, chairman of the Republican national committee. Charles D. Hilles of New York already has been tentatively slated as Mr. Hays' successor, but although admitted anxious to enter the Harding cabinet, Mr. Hays is holding off until he is assured that the policies he promulgated during his chairmanship will continue to prevail in the governing body of the Republican party for the next four years. It is an unwritten party law that the chairman cannot retain his post and accept a cabinet office. Mr. Hays is mentioned either for the postmaster generalship or the post of attorney general.

PLAN TO IDENTIFY BANDIT.
Victims of the "red sweater bandit" have been asked to go in a body to the county hospital in an effort to identify Walter Edwards, shot Tuesday as he was attempting to escape from the police.

STATE TAX RATE TO REMAIN AT 40 CENTS THE \$100

Springfield, Ill., Dec. 15.—[Special.]—In spite of the large building program which the state contemplates for next year, the increase in executive appropriations and other necessary expenditures, the state tax rate remains at 40 cents on the \$100 valuation, the same as last year. The tax levy boards, consisting of Gov. Lowden, State Treasurer Sterling, and State Auditor Russell, fixed the rate this afternoon. From the 40 cents, 16 1/3 cents will be for revenue, or general state purposes; 14 1/2 cents for schools; 6 2/3 cents for the University of Illinois; and 2 1/2 cents for waterways.

"It was estimated," Director Omar H. Wright, department of finance,

said, "that the rate could be fixed at 35 cents without hampering the operations of the state in any way. Large demands for executive needs, however, will be presented to the next general assembly. The rates for school and university purposes are fixed by law, but by providing liberally for the revenue fund it will be possible to meet increases."

"The rate will be sufficient to provide for the construction of many new buildings, work on which has been delayed because of economic conditions. Over \$6,000,000 is set aside for new buildings in the budget."

"Illinois, I believe, is the only state which has found it possible during the last four years to decrease its tax rate. Since 1917 there has been a decrease of approximately 33 1/3 per cent, last year's rate being the lowest fixed in many years."

"The fact that there is now a balance of \$15,743,091 in the revenue fund, as compared with practically no balance whatever four years ago, is sufficient proof that the rate was not too low."

GREAT BUILDINGS URGED TO COVER RAIL TERMINALS

Wallace Plan Would Mean
Straightening of River.

John F. Wallace, chairman of the railway terminal commission, desires the extensive development of the entire district bounded by Taylor, Sixteenth, Clark, and Market streets with twelve story buildings covering all of the railroad tracks. The cost of these structures, he places between \$20,000,000 and \$25,000,000.

To carry out this plan requires the straightening of the river at an estimated cost of \$3,440,000 and the opening up of Wells, Franklin, and Market streets south, together with cross streets. The estimated cost of viaducts for the streets is \$5,500,000 to \$10,000,000.

His Railroad's Plans.
Mr. Wallace yesterday gave the council committee on railway terminals sufficient information of his plan so that it voted unanimously to deny a permit to the Western Indiana road which might later interfere with the Wallace idea.

Five years ago last August the Western Indiana road, which is the terminal company for the Dearborn street station, obtained a permit to maintain tracks across Plymouth court. That permit lapsed last August, and the company is now asking that the permit be renewed for another five years, with a provision that it will be automatically renewed for still another five years if requested.

Other Plans for Station.
Mr. Wallace and his terminal commission deems it inadvisable to have a surface terminal in the Dearborn street site which extends over to State street. They would eliminate the Dearborn street station as a through train terminal, use the terminal for suburban traffic and the track area for freight with buildings above.

Accordingly the committee intimated to Attorney C. A. Inman for the company that a permit would not be granted for longer than a year and a half. Inman pleaded that President H. C. Hetzler and General Counsel C. G. Austin be given an opportunity to be heard before the floor is shut and locked against the company.

"If there is an opportunity to obtain

Samuel Rubinstein, jeweler at 719 South Crawford avenue, was robbed of jewelry and precious stones valued at \$25,000 yesterday by four armed bandits who entered the store just as he was opening his safe. They asked to be shown a watch. As Rubinstein reached for it, they drew revolvers and forced him into a rear room. They bound him with wire, and taking the keys of the safe drawers, looted it leisurely.

MUNDAY GOES TO PRISON; LORIMER SORRY FOR HIM

"Convicted Because of Eyes"—Ex-Senator.

Charles B. Munday, former vice president of the defunct La Salle Street Trust and Savings bank, entered Joliet penitentiary yesterday to begin serving a three year sentence for accepting deposits after he knew the bank was insolvent.

WILLIAM LORIMER

He traveled to Joliet alone and unguarded. Accompanied by his wife, he drove from his home at 4502 Woodlawn avenue to the En-glewood station and there bade Mrs. Munday good-by.

"Well, I've lost the fight," he said as he passed through the prison gate to become No. 7099. "I guess everybody will agree that I made a good one. I am reconciled. I expect to shorten my term by good behavior and to do everything to be a model prisoner."

Munday had fought for six years in the courts to avoid going to prison. He was twice convicted, the first

verdict being reversed, and the case was taken to the United States Supreme court. Failing there he sought a pardon and this was denied on Tuesday by Gov. Lowden.

Munday came from Litchfield, Ill., where he built up a fortune of \$2,000,000, and pooled his resources with those of William Lorimer, former United States senator. Both lost their fortunes when the bank failed.

"I am sorry for Charles B. Munday, because he is an innocent man," Mr. Lorimer said yesterday. "If any one should be in the penitentiary for any

thing in connection with the management of the La Salle Street Trust and Savings bank it should be William Lorimer."

"Do you know why Mr. Munday is a convict today? It is not because he is a criminal or committed a criminal act, but because he has not a personal appearance and cannot create confidence by his demeanor. One affliction he has and that is that nature gave him a pair of eyes with which he can look into no man's face. This broke down the confidence of the jury."

Mr. Rupert Hughes, the famous novelist, says:

"One of D. W. Griffith's productions is as important to the art history of the world as one of Shakespeare's plays."

Mr. Winchell Smith, the most successful playwright, says:

"The most important event in the theater this year was the showing of Mr. Griffith's film, 'Way Down East.' I can't remember ever having been so moved in a theater."

The New York Herald and Sun said:

"After the first act we knew 'Way Down East' was as good as the regular \$3 stage production, but at the close we realized it was well worth \$10 a seat."

"FRIEND" TRIES BLACK HAND PLAN AND BREAKS JAW

Decoy Package Proves Lupo's Undealing.

A wise man once remarked that it was a sequel to the golden rule to believe every man a friend until he proved himself an enemy.

Vincenzo D. Lupo of 1106 West Polk street will reverse that rule hereafter. His reason is Dominic Lupo of 1422 West Polk street. Lupo was a bosom friend of Dogastino. They were so intimate that Dogastino told his pal of \$700 he had carefully hoarded.

No one else knew of the bank account. One day, not long after Dogastino had revealed his secret, he received a Black Hand letter demanding \$500. He "wished to enjoy good health and pass the holidays in safety." The letter specified that he leave the money at the Taylor street bridge wrapped in a cloth. Dogastino decided to consult the police.

They advised him to leave a decoy package. He did. Last night Sergts. Carroll, O'Neil, and Knowles hid near by. Lupo came to pick up the package. When he saw he had run into the law he started to flee. He slipped on the curbstone and bumped his head into a telephone pole, breaking his jaw. He was taken to the county hospital.

The police will question him about a bomb containing eighteen sticks of dynamite found by Sergts. Riccio and Bernacchi in the rear of 1414 West Polk street. The building is unoccupied. It is owned by A. Compello, a grocer. He says a bomb was exploded in the doorway when he refused to meet demands for money made in Black Hand letters about a year ago. The tenants moved.

WIFE'S UNERRING AIM FOR 25 YEARS GETS ON NERVES

Robert W. Crawford's quarter of a century of matrimonial experience has been distinguished by one riot scene after another, in each of which his wife has exhibited hurling skill of major league calibre, according to the bill of divorce which his attorneys, Risdon & Bernbach, filed yesterday against Mrs. Sarah Crawford, 5739 Drexel avenue.

In January of 1896, according to the bill, Mr. Crawford stopped a lighted lamp thrown with accurate aim by his wife. A few months later, he avers, his dress suit was decorated with the juice of an over-ripe tomato, hurled by Mrs. Crawford.

It was in August of 1903 that Mrs. Crawford, according to the divorce bill, gathered a bucket full of pebbles and amused herself during a night by gently tossing them against the door of his sleeping apartment.

But the most humiliating experience of all, Mr. Crawford's bill says, was the time when he and his wife were guests at the Majestic hotel and she insulted him by slapping his face with a bill for \$75.

To Property Owners Employing Janitors AGAIN WE SAY DON'T BE STAMPEDED

The Janitors' Union announces its intention of striking against all owners who refuse to sign a contract for 1921 at a greatly increased wage.

STAND PAT! REFUSE TO SIGN!

The time has come to put a stop to such arbitrary demands. The janitors are well paid now, and every day their dollar is increasing in value.

WHAT TO DO

First—Refuse to sign any contract presented by your janitor which calls for an increase in wages.

Second—Notify your janitor that he will be evicted from his living quarters if he goes on strike. No court action is necessary, as he becomes a trespasser.

Third—Enroll with the other thousands of property owners who are standing firm. Come to the Chicago Real Estate Board where you will receive full information.

BRITAIN CALLED MEDDLER IN U.S. SHIPPING POLICY

Offense Took Place in
1917, Denman Says.

Washington, D. C., Dec. 15.—Further testimony that Great Britain attempted to influence the war time shipping policy of the American government was given today by William Denman of San Francisco, first chairman of the board, before the special committee investigating the federal shipping agency.

Mr. Denman charged that the British mission which came to the United States in April, 1917, headed by Arthur J. Balfour, then British secretary of state for foreign affairs, had undertaken to influence the shipping board and had succeeded in getting one of its members elected to an administrative board. This was Sir Connop Guthrie.

Forced Reconsideration.
Mr. Denman told the committee he did not know Sir Connop was elected— that it happened between noon and half past 3 one afternoon—but that he had learned three or four members of the British mission were present.

"Afterwards the shipping board had a warm session," he continued, "and all that had been transacted at the previous session was wiped out."

Chief Cause of Resignation.
The witness intimated that his instance that the board be kept free from British influence had more to do with his resignation as chairman "than anything else." He testified that while he wanted British cooperation, he did not want Great Britain to influence the board.

Mr. Denman said he had frequent conferences with Mr. Balfour and that "certain phases of the conferences approached the realm of secret treaties." He indicated his willingness to disclose the nature of the negotiations if President Wilson would consent.

HERE'S EFFECT OF MOONSHINE ON RABBIT AND OWL

Galesburg, Ill., Dec. 15.—[By the Associated Press.]—Joe Flynn, a farmer living near here, met with a painful accident yesterday while hunting rabbits.

Flynn's dog was chasing a rabbit and the hunter attempted to head off the cotton tail by stepping in its path.

Bunny traveled straight ahead by way of Mr. Flynn's anatomy and collided with his face, clawing him just below the eye.

Two stitches were necessary to close the wound. The rabbit escaped.

Council Bluffs, Ia., Dec. 15.—[United Press.]—Caught in a raid on a chicken coop, a large barn owl attacked James Smith, a farmer near there, and so badly scratched him that the sight of both of his eyes is imperiled.

Smith had found slain chickens in the poultry yard for several mornings. Last night, hearing a disturbance, he investigated, and the owl flew at him and sunk both claws into his face.

Smith's wife, who hurried to his assistance, was also clawed.

C., Dec. 15.—[Special.]—The bill which authorized farmers, planters, ranchmen, fruit growers, and dairymen to organize themselves into associations, corporations, or otherwise, for the purpose among other things, of marketing their products in interstate and foreign commerce, passed the senate this afternoon.

There was considerable opposition, but it was evident that the southern western combination had the vote.

KELLY IS "HERO" TO "ONLY GIRL" UNTIL ARRESTED

Kansas City, Mo., Dec. 15.—The transition from a "naval officer and hero" to a prisoner at police headquarters brought a new story today from Patrick J. Kelly.

Kelly, posing as one of those who made the trans-Atlantic flight in the seagull NC-4, met Miss Opal Parker, 20, at a party and told all about "his career."

They were married Saturday. He is charged with impersonating a naval officer. There also is a charge of passing worthless checks.

"It's all a mistake. I don't want to see him again," his bride said today.

"But was Kelly 'downhearted'?" No. "By right I am a barrister of the crown," Kelly told the police today.

"I am a graduate of Oxford, a learned man."

"A few years ago I was living in Ireland, where I was born twenty-six years ago. My brother was arrested for participation in Sinn Fein activities. He was placed in Brixton prison."

"The British government wanted me to prosecute my own brother. That I would not do. The government brought pressure to bear upon me. I fled to Australia, then to San Francisco. I adopted the naval uniform to hide my identity."

"After coming to Kansas City I met Miss Parker. It was love at first sight. I gave her my right name when we were married, but I gave a bogus check to the minister."

"I want to keep my wife. I lied to her about all those thrilling experiences, but I'm sorry."

ILLINOIS BLAMED BY INDIANA FOR HOLDING UP RATE

Washington, D. C., Dec. 15.—[Special.]—Declaration that the Indiana public service commission would have authorized increases in intrastate rates equivalent to those prescribed by the interstate commerce commission in the recent general rate advances if the Illinois public utilities commission had followed the federal commission was made before the interstate commerce commission today by N. S. Brown, attorney for the railroads, in the argument in the Indiana case.

Indiana, according to the theory advanced by Mr. Brown, acted in self-defense after the Illinois commission had entered an order allowing only a 33 1/3 per cent increase which it later raised to approximately 35 per cent.

With the certification today of a loan for \$25,000,000 to the Chicago, Milwaukee and St. Paul Railway company, the interstate commerce commission set a record. The loan is the largest that has been granted to any railroad under the revolving fund provisions of the transportation act. The loan will be used to meet maturing indebtedness.

Permission to guarantee a 6 per cent ten year promissory note of \$118,000, issued by the Indiana Harbor Belt Railroad company to the secretary of the treasury, is asked in petitions filed by the Chicago, Milwaukee and St. Paul, and the Chicago and Northwestern Railroads with the commission today.

Washington, D. C., Dec. 15.—[By Associated Press.]—Further opposition to the proposal of the Chicago, Burlington and Quincy railroad that it distribute \$140,000,000 of its surplus in dividends and cash was voiced before the interstate commerce commission today by spokesmen for the states of Illinois and Nebraska.

TARIFF DUTIES, NOT EMBARGO, AS AID TO FARMERS

Bill Offered Covers Grain and Cattle.

Washington, D. C., Dec. 15.—A movement for emergency legislation providing protection for American farmers by imposing tariff duties on wheat, wool, and other agricultural products as a substitute for the proposed embargo on imports gained headway today among members of the house committee on ways and means.

An executive session developed an overwhelming sentiment against an embargo. While no formal action was taken, it was said following the meeting that Republicans and Democrats showed such a strong opposition that not the slightest chance of favorable action by the committee exists.

Fear President's Veto.
Representative Green, Iowa, one of the leading Republican committee members, sponsored the movement for emergency tariff legislation applying to agricultural products only. The suggestion appeared to be favorably received, but the chief stumbling block lay in the question as to whether such a bill would be signed by President Wilson.

Following the committee meeting Mr. Green introduced a bill imposing temporary duties on agricultural imports to meet the present emergency.

The duties specified in the Green bill are:

Wheat, 15 cents per bushel; corn, 10 cents per bushel; beans, 2 cents per pound.

Proposed Duty on Cattle.
Cattle less than one year old, \$2.50 per head; all other cattle valued at not

more than \$15 per head, 30 per cent ad valorem.
Sheep one year old or older, \$1.50 per head; less than one year old, 75 cents per head.

While the house committee was discussing the question of emergency tariff duties or an embargo, the house committee on banking and currency was studying the senate resolution for the revival of the War Finance corporation as a means of aiding exports of agricultural products.

Daniels Asks Power Over All Ships in War

Washington, D. C., Dec. 15.—Legislation giving the navy department authority to manage and direct the operation of all government vessels in time of war and for six months thereafter was asked of congress today by Secretary Daniels.

SENATE TO VOTE ON "BIG FIVE'S" FATE IN JANUARY

(BY A STAFF CORRESPONDENT.)
Washington, D. C., Dec. 15.—The senate entered into a unanimous consent agreement today to vote Jan. 24 on the Konyon-Kendrick bill to regulate the meat packing industry.

The prospect of prolonged debate on the measure and the difficulty of keeping it continuously before the senate compelled its advocates to agree to postponing a final vote to such a far distant date.

The agreement is believed to throw the fate of the bill into considerable doubt. Even if it passes the senate, it is doubtful, in view of much opposition among representatives, whether it can be put through the house before March.

4. If it does not pass the house before that time, it will go to the legislative scrap heap and its supporters will have to begin all over again in the next congress.

As a result of the agreement, consideration of the measure was suspended and probably will not be renewed until shortly before the time fixed for voting.

Give Ingersolls for Christmas

WHAT can make Christmas time merrier than a gift of one of these cheerful, happy, faithful Ingersoll watches? Could anything please a small boy better than a Yankee Radiolite, whose face lights up in the dark?

And what would make a young girl more joyous on Christmas morning than to find one of those smart little Midget Radiolites among her gifts?

Then for big brother, that natty Waterbury Radiolite—jeweled and with a lot of style and distinction to it—ticking its Christmas message in his pocket.

Think how delighted mother will be when you give her the Radiolite Two-in-One, the watch-clock that will sit up on her bureau or desk and tell true time by day and night.

And even if father has a dozen watches, you'll find he's fairly beaming Merry Christmas when he sees the slim, jeweled Radiolite you've given him.

These are only five of fifteen models; maybe you'll pick others as your gifts. Better see the dealer at once to avoid disappointment, for Ingersolls sell fast at Christmas time.

EGGS DE LUXE. VISIT SMALLER ILLINOIS TOWNS

Motor In and Out; State
Police Needed

BY OSCAR E. HEWITT.

To ascertain whether state police would have much to do in Illinois, a series of Tribune correspondents were asked to send in a list of crimes of the last six months. From a total of 100, it is evident that a "cruel" with an auto and a good road finds many opportunities for crime.

The Pontiac correspondent tells of attacks on two banks, \$8000 from the State bank and \$1000 from the First National bank.

Although the safe was blown, the thieves "got away" in an automobile. The burglars who visited the bank of Wing "came and went in an auto."

Convenient for Safeblowers.

From Bloomington came the following:

"Safe blowers have enjoyed only two institutions, one at Bensenville, where \$10,000 was obtained, and the other at Downers Grove, where \$10,000 was obtained. The latter this year is in well-contrast with the record of 1919 when nine banks were robbed (in this territory) with a total of \$200,000. Little was recovered."

The Macomb correspondent reported the theft of \$30,000 from the bank at Macomb.

The Streator correspondent reported: "In November there was an attempted bank robbery at Streator, Ill., but the robbers were captured."

Chicago youths were arrested here for selling a stolen auto. The four the auto were turned over to the police."

Try to Rob Bank at Joy.

The Tribune news gathered at Monday reported that other crimes an attempt to "rob" banks at Joy, Ill. town in Mercer county."

The most sensational robbery."

AMERICAN LEGION NOTES

At the annual meeting of Hyde Park post last Monday night at the Chicago Beach hotel, Frank B. Flannery, commander of the post since its formation, was unanimously re-elected and presented with a watch. The other officers are: Senior vice commander, Dr. E. J. Doering; Junior vice commander, E. O. Buchanan; finance officer, George Edison; adjutant, Stanley Lott; service officer, William McLean; sergeant at arms, George Wilson; and officer, Ernest V. Dickson. One thousand francs were remitted as a Christmas present for the French orphan adopted by the post last spring.

Harold A. Taylor post will install its new officers tomorrow night at 1358 North Clark street, and there will be an excellent stag.

The new officers will be: Commander, Ernest, Vice Commander, Ernest, Adjutant, Caldwell, Vice Adjutant, Walsh, Finance Officer, Paul, Chaplain, Jenson, Sergeant at Arms, Tockie, and Trustees, Hug, Nolan, Sweeney, Werner, and Bryant.

A welcome social and dance for the woman's auxiliary of Lawndale post, which was organized recently, will be held at Independence hall, Roosevelt road and Springfield avenue, on Christmas night.

MISCELLANEOUS.

The Khaki and Blue club will hold a dance tomorrow night in the Stevens building at 17 North Wabash avenue. All ex-service men are invited.

Newton man replied, "that ever occurred in Jasper county was the day-light holdup of the Bank of Sainte Marie, when three unknown men took \$1,700 in cash, \$22,000 in liberty bonds and \$15,500 worth of negotiable securities, making their getaway in a stolen car."

These men were caught before they had a chance to divide the loot and all of it was recovered. The Newton correspondent also related the details of the robbery of the Willow Mill bank

where \$1,500 in postage stamps was stolen. These were the property of the local postoffice and the federal government agents caught the thieves.

From Kankakee came the story of the robbery of a bank in Clifton, Illinois county on Nov. 20.

No attempt has been made to rectify all of the bank robberies in the state. Since Jan. 1 there have been fifty-eight attempted or successful attacks upon Illinois banks in which the thieves obtained \$235,000 net.

Buck Privates Help Yank Who Couldn't Turn Robber

The helping hand of the Buck Private's Society of the A. E. F. reached out yesterday and took Adolph Shephard, a destitute soldier, into its care. Shephard on Tuesday night, down to his last nickel, decided to turn robber, but an American flag over the door of the West Chicago avenue police station changed his mind and he walked in and demanded to be locked up. He was turned over to the society yesterday by the police and a job was given him at once. Later he was the guest of a Gold Star mother at a dinner in her home. New clothes have been furnished to him by the society and once more life takes on a brighter aspect.

Policeman Finds \$12,000 Stolen by Safeblowers

A cash box and a bread box, containing stocks, uncancelled checks and bonds worth \$12,000, later identified as part of the loot stolen from the Great Western Securities corporation Monday night by safeblowers, were found yesterday by Policeman Patrick J. Casey of East Chicago avenue station at East Grand avenue, near the Municipal pier. The robbers could not negotiate the securities.

FOUND DEAD KNEELING AT BED.

In a kneeling position beside his bed, the body of John Miller, 53 years old, 1572 Maple avenue, Evanston, a painter, was found yesterday. Death is believed to have been caused by heart failure.

PARK BODY MAPS AUTO PARKING AS CITY PLAN DIES

Lake Front Storage, New
Driveway Urged.

The south park commission yesterday addressed itself to the task of re-arranging automobile congestion in the city. The anti-parking ordinance having been killed during the day by a vote of the mayor, the commission made a delegation of automobile and other club leaders that it would soon make a new plan for parking automobiles in Grant park.

The delegation, which was headed by H. N. Fowler of the Chicago Automobile Trade association, suggested that either the clubs of the city be permitted to form a committee which would employ men to check the cars in Grant park, making a nominal charge and turning the proceeds over to the park board after expenses were paid, or that the board conduct the checking, with or without charges.

Plan New Driveway.
Members of the board said plans were under consideration for cutting a driveway from Michigan avenue over the Illinois Central tracks and into the park near the Park Row station to relieve congestion north of Twelfth street.

Mayor Thompson in his veto message on the council anti-parking ordinance characterized the ordinance, which would have prohibited all daytime auto parking in the downtown district, as "too drastic for the present."

Just before the meeting the mayor was visited by a committee representing the Illinois Automobile club, which opposed to the plan.

A letter from D. F. Kelly, president of the State Street Merchants' association, was attached to the mayor's message. It voiced the belief a strict anti-parking ordinance would be harmful to business. On the mayor's return the ordinance went back to the transportation committee. Ald. Schwartz, chairman of the committee,

declared he had little hope the measure will be resurrected.

Call Car Crush Conference.

Representatives of the Cook County Real Estate board, the Chicago Real Estate board, the city council, the Chicago Surface Lines, and the public utilities commission will meet next Wednesday to thrash out the problem of improving the street car service with particular reference to the loop.

Former Kaiserin Weaker; Condition Is Critical

IN THE GALLOWS' SHADOW

Gene Geary, whose execution is set for tomorrow, photographed as he listened to the verdict convicting him of the murder of Harry Reckas. The man at the right is a criminal court bailiff.

SUPREME COURT ONLY HOPE LEFT TO 'GENE' GEARY

Hangs Tomorrow Unless
It Intervenes.

"Gene" Geary has only one chance left to avoid being hanged tomorrow. It is action by the Supreme court. Gov. Lowden yesterday refused to grant him a reprieve. His attorneys are preparing to ask the highest court in the state to issue a writ of superseas today. Failing in that, he will be hanged at half past eight tomorrow morning.

Judge George F. Lee is making preparations for the hanging. When he received word yesterday of the governor's refusal, he immediately asked Chief of Police Fitzmorris for a special detail of police to be strung around the outside of the jail until after the hanging.

Taking No Chances.
"I am taking no chances," the jailer said. "I have no direct information that an attempt to rescue Geary might be made, but it has been intimated. Several anonymous messages have been received warning us that Geary has many friends among the city's gunmen who would dare anything to rescue him. I'll take the proper precautions."

Geary will be placed in the death chamber at noon unless the jailer receives word that the execution is postponed. He was moved from his cell yesterday, fearing that he might have secreted some implement or weapon with which to take his own life.

Second Blow of Week.
The governor's action yesterday was Geary's second disappointment this week. Judge Sabath had refused him a stay of execution the day before. The judge, however, feeling that Geary had the right to have his case reviewed by the higher court, recommended that he make his plea to the governor.

In refusing a reprieve, Gov. Lowden explained that it has been his policy to grant reprieves only while the Supreme court was at recess. Now that it is in

RUSSIA MAY GET 500,000,000 TINS OF CHICAGO MEAT

Washington B. Vanderlip, who has announced that he has acquired an immense concession in Eastern Siberia from Soviet Russia, passed through Chicago last night on his way to his home in Los Angeles. During a dinner Mr. Vanderlip explained to a Tribune reporter just what his contracts meant to Chicago and to the United States.

"I was able to secure two contracts from Soviet Russia," he said. "One is the right to work for sixty years 400,000 square miles of land in northwestern Siberia. The second contract appoints the Vanderlip Syndicate of Los Angeles fiscal agents for the government of Russia in the purchase of \$3,000,000,000 worth of goods, during a period of three years. This gigantic order will be paid for in Russian gold and raw materials. It means that we will sell to Russia 500,000,000 tins of meat, which I imagine will be packed in Chicago."

"Lenin, a brilliant man, is so firm that he will never be ousted. He is tremendously popular. The people love him."

session, he said he saw no reason for his intervening.

When Geary received the news that he had lost the second of his three chances he seemed stunned for a moment. He recovered in an instant and protested his innocence of the killing of Harry J. Reckas, of which he was convicted.

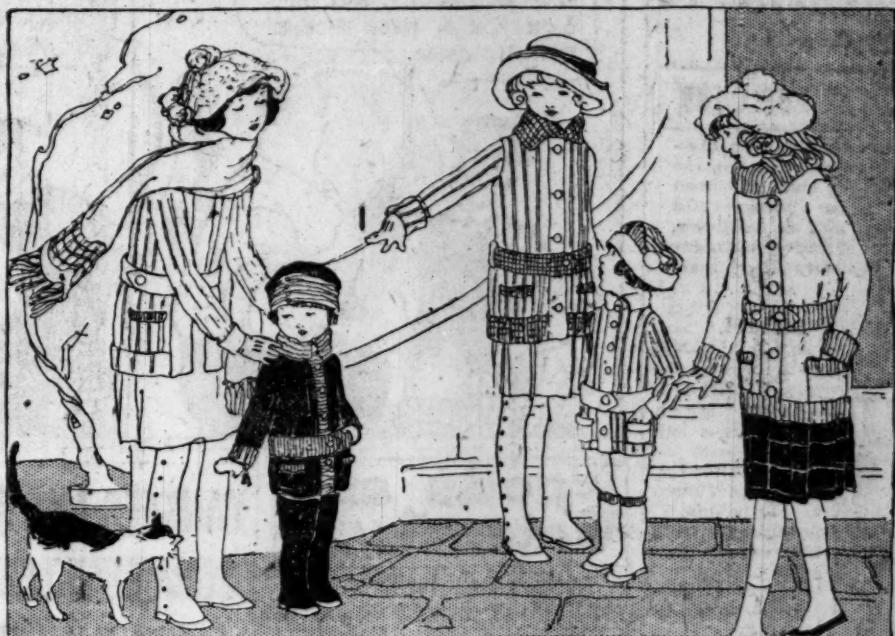

Drunkenness His Excuse.
"If they hang me it will be for something I don't know about. Some one kept me crazy drunk for over two weeks. I had no gun of my own. Who would have given me a gun in that condition? I'm not sorry for myself, but I am for my parents."

First Assistant State's Attorney Edward S. Day announced last night that he is prepared to resist any attempt to have Geary adjudged insane today. He expressed the belief that the Supreme court would probably grant a stay.

COUNCIL PASSES BILL REGULATING ATHLETIC SHOWS

By Ray Pearson.

"Haymarket riots" and other objectionable features of the wrestling game will not be repeated in Chicago. The sport will be kept clean and above suspicion of there won't be any wrestling. That was the viewpoint gained yesterday in the city council chamber when Ald. "Tony" Ceramk and his fellow aldermen members passed unanimously an ordinance to regulate the sport in Chicago under commission supervision.

Just how desirous were the council members to see the game cleaned up was evidenced by the fact the body suspended rules to pass the Ceramk measure.

Mayor to Sign Measure.

The ordinance now goes to Mayor Thompson for his signature and, according to information, the mayor will sign it. The mayor will appoint the commission.

A few eleventh hour changes were made before its passage, one of these being an increase by one in the number of men on the commission. The commission will be composed of seven men, to be made up of Mayor William Hale Thompson, Chief of Police Charles Fitzmorris, two aldermen, three laymen.

Will Govern Only Wrestling.

The ordinance, which is called the city athletic commission, becomes effective in ten days. At the present time the commission intends to govern only wrestling, but, according to Ald. Ceramk, it has the power to govern other sports, which would be beneficial in two ways—increasing the city revenue and keeping all sports clean.

GEORGES A DADDY

PARIS, Dec. 15.—A daughter was born today to Mr. and Mrs. Georges Carpentier. The European boxing champion admitted he somewhat disappointed, as he hoped for a boy, but added cheerily:

"I will make a champion tennis player of her."

BY FRANK SMITH.

New York, Dec. 15.—[Special.]—

public herabout are of one opinion regarding the big battle at Madison Square garden last night, in which Jack Dempsey had the time of his life putting away Bill Brennan.

At the same time, all credit was given Brennan for his work in staying off the champion for nearly twelve rounds before he was stopped down by ruthless rights and into the midsection and jaw.

Various Reasons Assigned.

Various reasons were advanced for what was termed the poor showing of the champion. "Trained too fine" and "careless living" were two of the excuses heard most frequently. When we saw the big fellow last week and pointedly asked him if he were not too fine, he assured us we were mistaken.

But when he entered the ring there did not seem to be any improvement in his looks, although the official figures say he tipped the beam at 185½.

He did not appear to be himself and played in his early battling that there was something lacking. There was not the former stevedore's punches and he lacked his usually perfect judgment of distance.

Works Well in Clinches.

Only in the clinches did Dempsey show anything, and it was during these numerous endearing embraces that he plugged home right and left to Brennan's middle. This in time wore the champion man out, and the chances are that the final smashes—first a right to the stomach and then the famous "one-two"—were left to the stomach and a right to the jaw—lacked the power that stowed away big Jess Willard.

The one and only apparent chance Brennan had to slip into the champion's chair was in the second round, when the Chicago lad whipped a right to Dempsey's jaw and jarred the champion to his very heels. He was signed and for the moment his legs wobbled. It looked for that fraction of a second as if he were a goner.

Brennan Dazed with Surprise.

The challenger appeared to be as dazed as the champion—but it was with surprise. He could not seem to see that he had the Utah man on dangerous ground and Old Man Opportunity passed on his way.

This brief hesitation on the part of Brennan gave the champion time to collect himself, and he fell into a welcome clinch. Had Brennan been quick to see his chance there probably would have been a different tale to tell. Thereafter Dempsey was more careful, and while he was given nearly as good as he sent from that time until the finish, he was able, through a shrewd brain and fast legs, to get the better of his stubborn foe.

Starts Swinging His Blows.

At the beginning of the twelfth Dempsey began to get an anxious look and also to take chances. He could not understand why his terrific body and head punches were not winning him a speedier decision. And it was getting toward the fifteenth round.

The champion began swinging, something he had not done previously. He seemed to believe it was the only way he could put away this tough customer, living in hopes that one of the swings would catch the ever fighting Brennan. But soon the champion got in close, and one of those punches Willard remembers sank to the right spot.

Not as Good as Mike Bout.

But what of Dempsey and his condition? Is he as good as he was when he fought Willard? A loud chorus of "Noes." Is he as good as when he fought Mike? Another loud chorus of "Noes." That being the consensus, what is the matter?

The champion made such a poor showing as compared to his former bouts that some fans today ventured the opinion that unless he improved, and improved greatly, the heavyweight crown again would rest on the head of Willard on March 17. We shall see.

Jack Kearns and Dempsey will leave tomorrow on the Century and will stop over a day at Chicago on their way to Jack's home, where he will enjoy the Christmas holidays.

Promoter Rickard, without a correct and tabulated list of the financial returns and expenses available, declared the bout had attracted in the neighborhood of \$150,000. This sum, he said, would provide a profit, but not up to the expected figure. The crowd numbered close to 11,000.

Georges Says He Will Not Box Any Before Dempsey

LONDON, Dec. 15.—Georges Carpentier, champion heavyweight pugilist of Europe, who left for Paris today, declared flatly he would not fight any one prior to his match with Jack Dempsey, world's champion. This statement was made in answer to reports he was about to sign for a match with Frank Moran, who beat Joe Beckett here Friday.

Offer Dempsey \$50,000 to Take On Harry Greb

New York, Dec. 15.—An offer of \$50,000 to defend his title against Harry Greb in a ten round bout in Pittsburgh, has been made to Jack Dempsey by John McGarby and John Bell of the West Square Boxing club, Pittsburgh.

In the Wake of the News

JACK CAN "TAKE IT"

IN previous estimates of Jack Dempsey's fighting ability, the only qualification expressed was whether the champion could stand cruel punishment and come back for more, or in ring parlance, could "take it." This qualification was not an imputation of lack of gameness. Dempsey's victories had been so decisive it simply had not been proved that he could.

Bill Brennan proved it. Champion Jack, by his ability to assimilate punishment, has now rounded out, under actual test, all the qualities of a great ringman. He is no less formidable than before, but the gameness of absolute invincibility has been removed. That is fortunate both for pugilism and for Dempsey.

POCKET CUE PLAYERS BATTLE FOR PLACES IN STATE-WIDE FINAL

BY JOE DAVIS.

Amateur pocket players now are battling in the preliminaries of the annual championship of the Illinois Billiard association, their goal being entrance into the finals for the state title, which will be staged at Mussey's Madison street room, Dec. 20 to 22.

William H. Leu of Rockford won the tournament staged in the Seventh district, at Lewis' room, Rockford, and other district tournaments now are in progress at DeKalb, Aurora, Lawrenceville, and Harrisburg.

Finish in Three Chicago Districts.

In the Chicago districts, Robert P. Markus of Leffingwell's won the north side title, and William S. Grant of Bensinger's Clark street room, took the south side championship at Hub Hart's room, with a total of 508 points.

A Conrad of Roseland was second, with 467. These players each lost one game.

At Lundgren's room last night, Kopp of Lundgren's defeated Winkowski of Ripan's, 75 to 44, and Williams of Schueneman's defeated Sharrel of Brown's, 75 to 66, in the northwest district.

Sellers Leads in West Side.

At the Madison Square room in the west side series, Sellers of Madison Square and De Moss of McMeen's room are leading. Sellers defeated Dickerson, 40 to 39, and Orler, 60 to 29. De Moss won from Smith, 80 to 55, but lost to Wagner, 33 to 60.

Mitchell and Leonard to Meet in Gotham Jan. 14

New York, Dec. 15.—Articles were signed today for a lightweight championship fight between Benny Leonard, title holder, and Richie Mitchell, Milwaukee, to be held in Madison Square garden Jan. 14. Leonard has been guaranteed \$40,000 and Mitchell \$20,000.

Detroit, Mich., Dec. 15.—[Special.]—Danny Frush of Baltimore beat Tommy Noble of London, England, in a ten round bout to night.

FARM and HOME Ridgway

MORE and more interest must be shown in the heavy horse situation in this country. Fewer horses are being used over the United States, and the fact that farmers are slowing up on the breeding of drafters is regarded as a danger signal by those interested in the horse industry.

There will probably always be need for work horses on the farm and in the city, and farmers are being urged to renew their interest in the growing of the good type of work animal.

The scarcity of horses is having its effect in many ways. "The reduction in the use of horses and mules in the cities, towns, villages, and on the farm that has occurred in the last ten years has destroyed an annual market for staple farm products that is greater by far than our total annual exports during any of the last five years," says Wayne Dinamore, secretary of the Horse Association of America.

He calls attention to the decrease given in the advance census report showing a loss of approximately 33.1 per cent in numbers of horses doing city work and 10 per cent in the number of horses on farms. More than 1,000,000 horses and mules have been displaced in towns, cities, and villages since 1910, and there is a total reduction of about 900,000 horses and mules on farms.

HOREMANS WINS IN EIGHT INNINGS

Edouard Horemans, the Belgian, gave another fine display in defeating Al Taylor, instructor at the University of Michigan, 400 to 73, in their exhibition match at the Strauss Auditorium last night. He went out in eight innings, averaging 50, with high runs of 217 and 112, the game lasting 1 hour and 18 minutes.

The Belgian southpaw again showed wonderful accuracy on his mass shots making 42. In his four exhibitions here he has not missed a mass shot.

Score: HOREMANS—0 15 217 38 3 2 112 17—400. Average, 50.

TAYLOR—47 1 13 1 13 1 0 0 11—73. Average, 10.97.

NOTES OF THE CUE ROOMS.

In the tournament at Bensinger's Monroe street room Horemans defeated Jamieson (50), 50 to 37, in seventy-nine innings.

In the three match tournament at Madison Square, O'Brien defeated Monahan, 35 to 21, and Carey won from Nolan, 33 to 28.

PREHN-KILONIS BOUT SANCTIONED

When Paul Prehn, wrestling instructor at the University of Illinois, and John Kilonis meet in the main bout of the benefit grappling show at the Second Regiment armory Saturday night there will be no interference on the part of local authorities. Doc Krone, matchmaker for the soldier organization, yesterday asserted he had obtained a permit.

Heine Engel and George Johnson will be the principals in the semi-windup, and Benny Glinberg and Charlie Peterson will clash in one of the preliminary bouts.

Some of the "noes" are positive in their stand against boxing, while the others deprecate a step to put the state into partnership with boxers. They believe the proceeds should go to school athletic associations in order to help build up girls and boys physically.

Various members of the "yes" brigade are extremely enthusiastic over the chances of boxing, and tell of their plans to introduce bills.

Many of the members who favor boxing are bitter to the core over the activities of a coterie of "sure thing scouts, promoters, and gamblers," and insist that they propose to see that these birds "get the gate," if they even so much as put in an appearance at Springfield. And one of these members goes so far as to say he knows them all, and is "wise" to their "works."

Wants Safeguarded Law.

On this line another member writes: "The suggested means of keeping the sport out of the hands of promoters, sharks, scalpers, and other evil forces, I believe, embraces in a general way the plan that will have to be followed in Illinois. There is no reason why boxing should not take its place in the same category with the theater."

He said: "The sport is, properly considered, an amusement."

GRAIN PRICES DROP SHARPLY ON CROP FIGURES

BY CHARLES D. MICHAELS.

The government report, showing 144,000,000 bu. more grain of all kinds than previously had been estimated and 543,000,000 bu. in excess of last year, staggered the trade yesterday and created liquidation and selling which scared buyers out and carried prices lower. The only buying support was profit taking and buying against bids. The latter caused a rally from the inside prices in the last hour.

At the close, losses were 50¢ on wheat, 30¢ on corn, 20¢ on oats, 10¢ on rye, and unchanged to 10¢ on barley.

Provisions furnished near the inside with losses of 5¢ on pork, 10¢ on lard, and 20¢ on ribs.

Raise Crop Estimates.

Sentiment in wheat became more pronounced against the price as the government report raised the figures 48,000,000 bu. on spring, making the net increase 28,000,000 bu. It was so much more than the trade had figured on, and changed the situation so sharply, that it needed courage to buy. Eastern houses as well as local were good sellers and buying support came from seaboard houses. Export sales at the seaboard were about 1,000,000 bu., with 750,000 bu. at the gulf to Italy. Southwestern sales by farmers and elevator interests increased to 1,000,000 bu.

Corn Crop Figures Raised.

Estimates of the corn crop to a record level of 3,223,000,000 bu., 30,000,000 bu. more than the November returns suggested, brought on liquidation and declines of 30¢. December leading, while the close was 10¢ above the low, with severe losses at 60¢ for May. Cash corn dropped 10¢ for new and 5¢ for old. Country receipts were increased from the west and northwest. Oats came out freely at the start and there was little resistance to the decline until May reached 40¢, when commission houses bought on rising orders. May and July, which were 40¢ apart Tuesday, sold at almost the same price.

Speculators sold May rye against purchasers of wheat. Seaboard buying was good, yet prices declined. Barley was slow sale with the May weakest.

Packers Sell Provisions.

Long and outside packers sold provisions and they closed easy at near the lowest. Cash trade was slow and speculative support light. Hogs were lower. Packing in the west last week, as completed by the Price Current-Grain Reporter, was 964,000 hogs, against 857,000 last year. Prices follow:

CASH GRAIN NEW S

Export sales of wheat via the gulf averaged 800,000 bu. all to Italy, and the same country took 400,000 bu. rye. There was some wheat sold via the seaboard, but quantities were not given.

Domestic shipping sales aggregated 35,000 bu. wheat, 77,000 bu. corn, 122,000 bu. oats, and 35,000 bu. rye. Sales to go to stores were 100,000 bu. rye at December price. Deliveries 4,000 bu. wheat, 30,000 bu. rye, and 15,000 bu. barley.

Premiums on red winter wheat were strong, with a sale of No. 2 at 36¢ over the December. Hard winters were easier at 10¢ over the No. 1, while No. 1 northern brought 50¢ over. Bids on rye were 20¢ over May, track Baltimore for January shipment, and 31¢ over for shipment by Jan. 5.

Old No. 2 mixed corn at Chicago declined 5¢ due to a slow demand. New was off 10¢ and closed heavy, with No. 2 yellow 54¢ over December. No. 4 yellow December to 14¢ over. Receipts 59 cars. Outside markets were unchanged to 6¢ lower, with Omaha leading.

Cash oats were in good demand, with premiums 4¢ higher. Sample values showed 16¢ for No. 2, 17¢ for No. 3, and 18¢ for No. 4. Cash grain prices in leading markets follow:

MR. MALOY TAKES TO BRIDLE PATH; IT RAINS BRICKS

Steed Makes a Faux Pas;
Trouble; Giddap!

For many moons Tommy Maloy, business manager of the motion picture operators' union, had noted, as he speeded about the boulevards and parks in his \$5,000 automobile, the gay and snappy figures of equestrians as they galloped and cantered their steeds about the bridle paths.

"Some day," oft ruminated Mr. Maloy, "I'm going to get me a nag and show those boys some real class." But the press of business always seemed to interfere. If it wasn't one thing the boys wanted him to get for them, it was another.

All Comes to Him Who Waits.

Recently, however, he concluded a deal with the Allied Amusement Association by which the boys working in

the Madison street movies will receive from \$50 to \$60 a week. It had been a hard pull. The price was more than \$15 higher than the scale in any other city. Tommy felt rather good about it. Perhaps now he could buy a horse and get some needed exercise.

With Mr. Maloy to think was to act. He drove his car back to his stable at Thirty-eighth street and Union avenue and parked it. The price was more than \$15 higher than the scale in any other city. Tommy felt rather good about it. Perhaps now he could buy a horse and get some needed exercise.

As Mr. Maloy glanced over the array of horses it struck him that he might better get two.

"You must give them some rest; I can use one while the other's resting," he thought.

One Jarring Note.

While the dealer was transferring the mounts to Mr. Maloy's stable that gentleman, walking home, glanced down at his motoring costume. It never would do for a frequenter of the bridle paths. It was de trop, so to speak.

So Mr. Maloy hied him to a loop shop and picked up a riding habit and accessories. "A work of art!" said the salesman, as his customer faced a mirror.

Thus attired, Mr. Maloy returned to his stables and, picking out the more genteel looking of the two horses, mounted with some élan.

Off to Realm of Dreams.

The motion of the steed was a trifle disconcerting—Mr. Maloy was more used to the cushioned depths of an automobile seat—but he persisted and steered southwest, headed for that realm of his dreams, the Jackson park bridle path.

No one else, however, seemed to be enjoying equestrian exercises that day. Presently Mr. Maloy began to ache. He wished his steed wouldn't eternally try to break into a gallop. Finally he gave it up and turned his horse toward home.

But a tactical error crept in. Mr. Maloy chose the wrong way to get there. He jogged past Bill Byrne's saloon at Forty-third and Stewart avenue just as an habitude was arriving.

As the equestrian neared, the pedestrian recognized him. With jaws agape he hastened through the swinging doors.

Too Late! Too Late!

Mr. Maloy could read signs. Vainly his foot reached for the accelerator. Too late.

"The gang" piled out of the saloon and the street urchins gathered as by magic.

"Look at Tommy on the horse!" yelled one.

Some one threw a brick. It dented Mr. Maloy's shining derby. Rocks began to whiz by. A pebble caught him on the chin.

Mr. Maloy's anger arose.

"He found the equine gear shift that kept his mount into high."

The broken hat assailed on his head. Mr. Maloy seemed a centaur as his mounting steed bore down on the unwilling pedestrian. They left the vicinity hurriedly, not stopping to debate. "I shall ask my alderman," said Mr. Maloy last night, "to make the neighborhood safe for equestrians by installing a brickproof bridle path."

Daughter of Roosevelt Friend
Who Dismisses All Legal Action

MRS. RUTH TURNER MARTIN.

MARTINS CANCEL ALL SUITS; 'BEST OF FRIENDS' NOW

Annulment Row Turn Stirs Mystery.

James Wright Martin Jr. may no longer crave to be a model husband,

but he has ceased, to call his wife a "cave woman."

Mrs. Ruth Turner Martin says she is happy and she and her husband are going to be the best of friends.

The significance of the sudden change in the couple's attitude toward one another was evidenced

when their attorneys appeared in the Superior and Circuit courts and asked that all legal action pending between the Martins be dismissed.

While the Battle Was On.

Martin had filed a bill asking annulment of his marriage to Miss Turner occurred at Crown Point within less than a year after she had obtained a divorce from Harry S. Bishop of New York. Martin contended the ceremony was illegally performed. Mrs. Martin retorted that he had promised a church wedding in addition to the secret civil ceremony after the year had elapsed.

Both Are Silent Now.

She refused to discuss the sudden turn of events at length last night. "I can't say anything except we've decided to quit fighting and be the best of friends," she declared.

At Mr. Martin's home it was said he was out of the city.

They Belong to the Engineers

MABEL SIMON, LEILA PENTECOST, ELIZABETH SHELDON.

Hundreds of the boys of the 108th United States engineers roared at the "hiss," laughed at the jokes, and certainly looked at the girls on the stage of Arvan Grotto last night when "The Jollies of 1920," a minstrel musical comedy, was presented for their benefit by the auxiliary of the organization.

It was a regular old time get together party for the ex-soldiers.

Many a lad confined to his bed in home or hospital as the result of service in France will have a merrier Christmas this year because of the money taken in last night.

RICH FOLK PLAN XMAS FEAST FOR GIRLS OF COURT

'Family Dinners' for Wards
of Judge Arnold.

Twelve "family" groups will sit down to something new in the way of Christmas dinners on the evening of Dec. 30 on the fourth floor of the Y. W. C. A. building at 59 East Michigan street.

There will be fifteen children in each "family" and the remarkable part about it is that they will all be girls.

The girls will be 150 dependent wards of the Juvenile court, ranging from 7 to 17 years in age, and the hosts and hostesses who will play the roles of "father" and "mother" at each table will be prominent residents of Chicago, Oak Park, and Evanston.

Some of the Hosts.

For instance, Attorney Harry Hurd of Evanston will do the carving at one table, while his wife will ladle the gravy. Moses E. Greenbaum will carve one of the thirty turkey legs, while Mrs. Greenbaum as sister in serving.

Others who will preside at the various tables are Mr. and Mrs. Hubbard Carpenter, Mr. and Mrs. D. Bartlett, Miss Valborg Henderson of Evanston, Miss Catherine Shannon, and Mrs. L. Oliphant.

Complete Dinner Plans.

Plans for the dinner were completed yesterday at a conference between various club women and social workers and Miss Mary Bartelme, assistant to Judge Arnold. All of the cakes will be baked at home by the various women.

There will be a Christmas tree on which will be a present for each girl, a high school student of River Forest and Oak Park are filling bags with goodies for each child. The Rogers Park Woman's club is making fifty buttonholes and dressing thirty dolls, while the auxiliary of the Evanston Woman's club is making fifty artificial bouquets.

The Inquiring Reporter

Every Day He Asks Five Persons, Picked at Random, a Question.

Today's Question.

What was the most notable charitable entertainment you ever took part in?

Where Asked.

At a tea in the studio of Miss Grace Hickox, 19 East Pearson street.

The Answers.

Miss Emily Larned—"Streets of Paris" was the first of the great charity events. A very finished and remarkable entertainment, which has been copied many times since, but never equaled. Just as the Chicago World's Fair has been imitated by other cities, after they had seen ours.

Col. H. G. Clabaugh—"The charity ball, conducted by Mrs. Potter Palmer, at which Gen. Frederick Dent Grant was present. In 1906. He, with Mrs. Palmer, led the grand march. Other officers present had the pleasure of marching with the most beautiful women in Chicago society. I shall never forget the splendor of that night.

Nancy Cox-McCormack—"I was a member of the committee" when Mrs. Sarah Bernhardt and her company presented "Les Cathedrales" by Eugene Morand for the benefit of L'Union des Arts. This was a fund to relieve war suffering artists, players and musicians in France. That was the most notable charitable event of recent years.

Theodore Behr, 19 East Pearson street, artist—I attended the "Streets of Paris," and many other affairs of note. I find I cannot decide on any particular event. I am sorry I was unable to attend the recent "Pageant of the East." I am sure it would have been of great benefit to me. An artist should never neglect himself from any of these affairs.

Mrs. William A. Yager—"Streets of Paris." I believe that was the first great event Chicago women planned and carried through to a successful close. Mrs. Joseph T. Coleman was responsible for that. The Allied Bazaar was another very notable affair. I have been present at a number of beautiful entertainments, but I shall always look back to the "Streets of Paris" as the most gorgeous.

HIBBARD HEIRS TO GIVE DUTCH ROOM TO ART INSTITUTE

A Dutch room, typical of those found in the quaint little dwellings that dot the shores of the Zuyder Zee in the province of Friesland, is soon to become a part of the Art Institute. It will be furnished by the heirs of Mrs. Lydia B. Hibbard and its furniture will be released from the Hibbard home at 1701 Prairie avenue. Many examples of Dutch art which will be included in the unique collection which Mr. and Mrs. William Gold Hibbard owned.

Mrs. R. B. Gregory, a daughter of the Hibbards, told of plans for furnishing the Dutch room yesterday after the heirs had filed an inventory of the Hibbard estate in the Probate court.

The inventory of the estate listed numerous works of art, including 500 paintings and scores of prints.

BEG YOUR PARDON

Jack R. Verhoff of 4410 North Paulina street has requested THE TRIBUNE to state that Lucille Verhoff, the "Mona Lisa" girl, is in no way related to his family.

THE TRIBUNE on Dec. 14 printed a statement that the children of Mrs. George Guttersen of 4420 Grand boulevard were chloroformed and the home robbed while she was shopping. George Guttersen states that the address given is that of his home and that no robbery occurred there.

In an article printed Monday morning, THE TRIBUNE said the family of Miss Maria Panelli, who is in Italy studying music, had been left destitute by the death of her father and was being cared for at the Casa Marie center, and also that Miss Panelli herself was at the end of her resources. This was not correct. Miss Panelli's father is not dead, the family is not destitute, and has never heard of the Casa Marie center, and Miss Panelli is not lacking in funds.

In the report of crops for the year, printed on page 1 of THE TRIBUNE yesterday, the corn crop was given as 4,332,367,000 bushels. It should have read 3,332,367,000 bushels. This is the largest on record.

Chicago's New Snow Scoop

A machine which looks like an old fashioned day loader will be seen scooping up snow from loop streets this winter at the rate of one cubic yard a minute. The snow loader was ordered purchased by the council finance committee on Tuesday at a cost of \$5,700. Assistant Commissioner of Public

Works Burkhardt recommended that it be given a trial.

The machine will do the work of twenty-five men, and never gets tired. It will be used for night work after heavy snowfalls, but may also be employed in loading gravel or cinders, as the picture shows.

POLITE CITIZEN TRADES 10 CENT SEAT FOR \$50

Courtesy Unique in Day of Rudeness.

Northwestern "L" train No. 100 carried yesterday's politest citizen. He is William H. Riley of 688 Irving park boulevard, and all he had to do to receive THE TRIBUNE's daily award of \$50 was perform the unusual but simple action of rising and giving his seat to a tired looking woman who carried a large basket.

Slightly before noon she had stepped forth with the politeness reporter. Her garments looked worn and shabby. She had no heavy gloves. The basket which she clutched was of half-bush measure and nearly full of merchandise. Yet in all the miles which the twin traveled not a single person offered the woman a seat until, shortly after 5 o'clock that evening, she entered the first car in train No. 300.

Rudeness Day's Keynote.

The day's journey was inaugurated with a ride west on Grand avenue. As the poor woman alighted at Halsted street the basket bumped the person of an alien.

"Aw, look where you're going," growled the latter, thereby setting the keynote of yesterday's politeness drama for politeness.

Into a Halsted street car tottered the poor woman with her basket. The seats were filled. One was occupied by a little girl and her mother. The latter glanced several times at the tired woman in the aisle, but she did

not offer to take daughter on her lap and make room. Nor did any of the numerous men passengers see fit to offer their seats.

"At Forty-seventh street the politeness reporter and his companion boarded an east bound car with a companion. The woman tendered a transfer.

"No good,
